## SECURE HOUSING FOR DETAINEES

The Driver's House allows you to be protected at the time of a traffic accident, making you feel at home, while we carry out the legal procedures of the accident. Our comfortable rooms for detainees have a private bathroom, television, Wi-Fi, air conditioning, daily cleaning and laundry services, among other services.

We provide breakfast, lunch and dinner for our members and a comfortable space for a private visiting room to receive your visitors. Our affiliates can have the full confidence that their safety will be in good hands, while the resolution of their accident is managed in the fastest possible way.
